2023 World's Most Ethical Companies®

Pacific Life is designated as one of the 2023 World's Most Ethical Companies¹ by the Ethisphere Institute, a global leader in defining and advancing the standards of ethical business practices. Pacific Life was evaluated on five categories, including: compliance and ethics program; corporate citizenship and responsibility; culture of ethics; corporate governance; and leadership, innovation, and reputation.

This marks Pacific Life's sixth consecutive recognition from the Ethisphere Institute, which honors companies who have purpose-based strategies that strive to create positive change in their communities.

Mutuality

Pacific Life Insurance Company's organization is relatively unique as we are part of a mutual holding company structure; therefore, policyholders and contract owners are members of the company, and we are not driven by stock price when making decisions. Our structure allows us to develop innovative products that evolve with the needs of the families and businesses we serve. Our support goes beyond just product innovation; we select businesses and markets that we understand well, can excel in, and can provide value to our customers.

¹Based on the Ethisphere Institute's Ethics Quotient®. "World's Most Ethical Companies" and "Ethisphere" names and marks are registered trademarks of Ethisphere LLC.

IT'S TIME TO THINK OF TOMORROW

The decision about how to receive a personal physical injury settlement often comes with many options. While it may be tempting to take an immediate, lump-sum payment and invest the settlement yourself, there are tax consequences and income needs to be considered.

A Structured Settlement from Pacific Life Insurance Company Is an Alternative That Can Offer:

- **An income-tax-free series of payments.**

A qualifying structured settlement of damages received for a personal physical injury provides you with an ongoing stream of payments that is free from federal and state income tax.¹ Because the payment is not taxed, payments from a structured settlement may be higher than if you invest your settlement money in a taxable account.

- **A guaranteed, steady stream of payments.**

Structured settlements are calculated to provide a stream of payments based on the amount of the settlement, the current rate of return, and the payment schedule on which you decide. So no matter how volatile the financial markets may be, you'll be able to plan for your needs based on a predictable, long-term stream of payments.

When discussing a payment schedule with your structured-settlement consultant, consider the following:

- A Pacific Life Insurance Company structured settlement provides payments that last as long as you need to replace lost earnings, pay for ongoing medical expenses, or provide for a loved one.
- You may defer payments for specified time frames to pay for future needs such as college education.
- A structured settlement annuity allows you to set aside lump-sum payments for large purchases such as remodeling your home or buying a car.

All guarantees are subject to the claims-paying ability and financial strength of the issuing insurance company.

¹Excludable from gross income under Internal Revenue Code (IRC) 104(a)(1) or (2).

FACTORS TO CONSIDER

WHEN SELECTING A STRUCTURED SETTLEMENT PROVIDER

- The quality and diversification of the annuity provider's investment portfolio.
- The level of the insurer's capital and surplus.
- Financial-strength ratings.

Pacific Life Insurance Company is a highly rated and well-diversified insurance company, and an experienced and innovative annuity provider.
